Installation:

Always read the full installation guide before installing this product. The clips are placed on the outside edge of the guttering, which positions the bird spikes in the centre, keeping pigeons out of gutters. The gutter clips have a secure tight fit so there is no need for extra tools or adhesive to fix the gutter spikes in place.

Snappable Sections:

Every strip comes with 2 clips pre-attached for easy fixing to the gutter. Along the base of the gutter spike, there are 8 grooves which make it snappable to smaller sizes if needed to finish a run of gutter, or fit to a smaller hopper.

Warranty:

These spikes come with a 15 Year Warranty when installed in the UK. Terms and Conditions apply - see website.

Disclaimer: It is always the responsibility of the user to install as per the manufacturer's installation guide - see website.
