

# Defender® Opening Window Spikes

**Product Code:** BIRD055  
**EAN:** 5060298012654

**Suitable for:** Pigeons & Seagulls

**Window Sill Protection:**  
 Maximum Sill Width 175 mm (7 inches)

**Made from:**  
 UV Stabilised Polycarbonate base, temperature resistance with no loss of mechanical strength from -20°C to 130°C.

**Pins Per Strip:**  
 20 Polycarbonate Pins

**Rows:**  
 A pattern of 4 rows of pins fanning out at 4 different angles

**Installation:**  
 Stick or screw onto the surface requiring protection. Always read the full installation guide before installing this product. If using silicone, support will be required whilst the silicone cures.

**Snappable Sections:**  
 Not every window is the same size, so these may need to be resized to fit a particular window. The supporting arms are pre-assembled when you buy them. However, they can be carefully unclipped and repositioned along the base of the bird spike. The base of the bird spike itself has snappable grooves along it, so it can be made smaller to finish a run at the end of an opening window.

**Note:** Before full installation, always stick down one strip for 24 hours to ensure the suitability of glue.

**Warranty:**  
 These spikes come with a 15 Year Warranty when installed in the UK. Terms and Conditions apply - see website.

**Disclaimer:** It is always the responsibility of the user to install as per the manufacturer's installation guide - see website.
